

## Looking for Fingerprints of God

The fingerprints of God are everywhere; in the pattern of birds on a telephone wire, in the shapes of clouds in the sky, in the stillness, in the noise, even in the cracks of a sidewalk! We just have to open our eyes to see Him. And what we focus on is what we will see. He has said in His word that when we seek Him we will find Him (Jeremiah 29:13).

Take a walk, with camera in hand, and look for God. Ask Him to reveal Himself. Take pictures of what you see. This serves several purposes. It directs our minds outside of ourselves and onto Him. We become focused on His presence as we walk. It gives us opportunity to talk with God about what He is revealing of Himself to us. In effect, this exercise becomes a quiet time! And it provides us with images for creative time with God later on.
